

COMPLIANCE ASSESSOR

NATIONWIDE

We require a professional, dedicated and team-orientated person to support our busy Compliance Department. As the Compliance Assessor, you will assess Franchisee Compliance from a Financial Services perspective, ensuring the fair treatment of customers in line with Snap-on policies and applicable FCA & GDPR focussed regulations.

You will be responsible for carrying out field based compliance assessments and providing relevant training to the Snap-on Franchise network whilst producing timely written reports in respect of all completed reviews. You will identify areas of compliance risk, investigate compliance related matters and handle any compliance violations in a timely and consistent manner. In addition, you will keep up-to-date with regulation changes and implement compliance related process improvements and changes to policies and procedures where necessary. You will monitor the performance of the compliance program and recommend appropriate steps to improve its ongoing effectiveness.

You will be expected to develop and maintain effective relationships with internal stakeholders, all appropriate regulatory bodies and other relevant third parties. As such, with your excellent communication skills, you will collaborate with other departments such as legal, credit, and customer service to investigate and resolve compliance issues. Ideally you will have some experience of working as part of a compliance function within Financial Services, with a strong knowledge of FCA and GDPR regulations. Further, you will have strong IT skills including Microsoft Office and will be experienced in project management.

This role will be a field based role with significant travel covering the UK (Inc. Ireland), typically 4 days per week field based and 1 day home based, covering administrative duties.

CV's/letters of application should be sent to the HR Department at employment@snapon.com
